	is blocked by	BB-16 As a user I need to define a KPI for ...	Done

<div style="background:#888;color:#fff;padding:2px 8px;display:inline-block">Description</div>

Steps to reproduce:

1. Select the "Performance" option from the menu.
2. Select the "My Trackers" tab.
3. The name displayed under the "Employee" column is not the same as the name displayed after the "Welcome" text from the upper right side of the screen.

Expected result: The name of the employee should be the same on both sections on the page.

Actual result: The name of the employee is changed automatically in the "My Trackers" tab.

[BB-20] The "Remove" button is displayed incompletely when browser's window is shrunk Created: 04/Jun/22 Updated: 28/Jun/22 Resolved: 28/Jun/22

Status:	Done
Project:	Bianca Brandea
Components:	None
Affects versions:	None
Fix versions:	Project Release

Type:	Bug	**Priority:**	Medium

	causes	BB-16	As a user I need to define a KPI for ...	Done
	causes	BB-23	Verify if performance trackers can be...	Done
	causes	BB-25	Verify if performance trackers can be...	Done

Description

Steps to reproduce:

1. Select the "Performance" option from the menu.
2. Select "Trackers" from the "Configure" drop-down menu.
3. Minimize the browser window.
4. Shrink the window to right and/or to the left.
5. The "Remove" button does not adapt to the window size changes, being displayed as "Remov" and not staying fixed in the middle of the button.

Expected result: The "Remove" button's size and text should be automatically adjusted to the size of the window.

Actual result: The "Remove" button size and text do not adjust automatically when modifying the size of the window.

[BB-19] Only the second words in list titles are written with capitals Created: 04/Jun/22 Updated: 28/Jun/22 Resolved: 28/Jun/22

Attachments:	script bug.jpg
Issue links:	**Relates**
	relates to BB-16 As a user I need to define a KPI for ... Done

Description

Steps to reproduce:

1. Select the "Performance" option from the menu.
2. Select "Trackers" from the "Configure" drop-down menu.
3. The lists' titles are displayed as "available Reviewers" and "added Reviewers".

Expected result: Every word in titles should start with capital letters.

Actual result: Some words from titles do not start with capital letters.

[BB-18] Login credentials are invalid Created: 04/Jun/22 Updated: 28/Jun/22 Resolved: 28/Jun/22

Description

The KPI list can be accessed in the Performance module.

A KPI for a specific job title can be defined in this section.

In the "Add Key Performance Indicator" the following fields with detais need to be implemented:

- Job Title - mandatory dropdown with the following 27 options: Automation Tester, Btest, Chief Executive Officer, Chief Financial Officer, Content Specialist, Customer Success Manager, Database Administrator, EA, Engineer, Finance Manager, Financial Analyst, Head of Support, HR Associate, HR Managers, IT Manager, Network Admin, Payroll Administrator, Pre-Sales Coordinator, QA Engineer, QA Lead, Sales Rep, Social Media Marketers, Software Architect, Software Engineer, Support Specialist, VP - Client Services, VP - Sales & Marketing.
- Key Performance Indicator - mandatory - input that accepts maximum 100 characters length
- Minimum Rating - optional - input that accepts numerical values greater than 0
- Maximum Rating - optional - input that accepts numerical values lower than 100
- Set default scaling - optional - check button
- Save button - saves the form
- Cancel button - cancels the form
